SUBJECT: Nipomo Community Park Master Plan Program Environmental Impact Report (EIR) -- Notice of Preparation

A Program EIR is being prepared for the Nipomo Community Park Master Plan (NCMP). The NCMP is proposed by San Luis Obispo County Parks and would result in the phased construction of recreation facilities and related infrastructure over a 20-year timeframe. At this point a Notice of Preparation (NOP) is being circulated for comments. The NOP is the vehicle by which agencies (Federal, State and Local) can comment on the proposed scope of the EIR and inform the County as to what if any permit authority they may have over the proposed project. While the NOP is primarily addressed to governmental agencies, it also provides an excellent opportunity for the public and other non-governmental groups to comment on the proposed scope of the EIR as well. The County encourages any interested party to review the information in the NOP and provide comments to the County. The NOP and supporting documents can be accessed at the County Planning Department website:

PUBLIC MEETING:

The County will also hold a public EIR scoping meeting on December 1, 2009 from 6:30 – 8:30 pm, at 148 South Wilson Street in Nipomo, San Luis Obispo County, California. The public scoping meeting is an additional avenue for commenting on the scope of work for the EIR.
